I read about an instant cake mix that was a big flop... All you had to do was add water and bake. Research found that the public felt uneasy that all you had to do was add water. It was too easy. So, the company altered the formula. Now you had to add water AND egg. Sales jumped dramatically.

That's how some people see the plan of salvation (by Grace through Faith). It sounds too simple to be true. They feel they must add "works" to God's recipe. But the bible is clear, we are saved by God's mercy, not by our merit. (Richard W De Haan)
